To Integr8 IT (Pty) Ltd and Your Clients

On behalf of iKhaya LikaBaba I would like to thank you for your generous gift. Your commitment to helping us care for orphaned and abandoned babies in our community is sincerely appreciated.

We will be using your donation to make improvements on the actual premises as there is a lot of maintenance work that needs to be done to ensure that the babies are living in a safe and secure environment.

Though only in our first year of operation, iKhaya LikaBaba continues to advance its mission “*to facilitate the placement of abandoned and orphaned babies into forever families who will adopt them while loving and nurturing them in a secure family environment.*” Through our intervention we have seen many lives changed for the better.

We have seen many successes with our transition home this year:

- 2 babies adopted
- 2 babies in the process of being adopted
- 1 baby placed in a long term care facility
- 2 babies placed into foster care
- 2 babies restored back to family

We have successfully set up blogs for all our babies by the colour cot they are associated with, thereby offering the opportunity for individuals, corporates and organizations to sponsor a child. We give them the opportunity to chat to them online using voice over internet systems like Skype and though our babies are often too small to talk, they gurgle and laugh and interact thereby creating a relationship with their sponsors.

To view their blogs follow the links below:

In particular, iKhaya LikaBaba has achieved great success in the past year in creating awareness for the plight of orphans and abandoned babies within the area of uMhlatuze and internationally while mobilizing local community support and involvement. We have created global awareness through our international volunteers who have taken what they have learnt through their experiences here, to their country of origin. Some have done presentations once they are home and others continue to offer us support and become ambassadors for our organisation.

The goal of the iKhaya LikaBaba is to continue growing this project and thereby increasing its influence whilst loving and nurturing babies and offering them hope, love and a destiny. With the help of donations from supporters such as you we will continue to see improvements in achieving this goal.

Should you wish to meet some of these precious children or visit our home, please contact us and we can arrange a visit. Once you see how each child responds to play, love and laughter – you will understand why this is a real passion of ours.

Thanks again for your generous support of our efforts to make a difference in the lives of orphaned and abandoned babies. If you have any questions about this project feel free to contact me on 079 893 8665 or (035) 772 4557

Best wishes,

Melanie Grant
