Dear Tami

We address this heartfelt letter to you, to express our sincere and heartfelt appreciation for your and the rest of Integr8 IT's generous support of YAD's activities.

The YAD Charity Corporate Golf Day 2008 went off successfully on Thursday 6<sup>th</sup> November 2008. Miraculously with heavy rains lashing the surrounding Cape Town area, there remained a clear sky above King David which ensured a fabulous day's Golf. During prize giving, the heavens did finally open, but by then all were safely indoors, freshly showered, happy after a good day's Golf and enjoying good food and the hilarious entertainment by Comedian Nic Rabinowitz.

We acknowledge, that without the support of generous people such as yourselves at Integr8 It, the high standards and value added elements, which our golfers have come to enjoy, would not be possible. The event's success is only due to the kind of loyal support and generosity of spirit which we are privileged to accept from our participants and sponsors alike ensuring that the day is such a fabulous one.

We acknowledge you with respect and gratitude for all that you do for us. You as partners in this event continue to enrich our community and together we improve lives via your generosity and open heartedness.

Many thanks with our heartfelt appreciation for both the Sponsorship of the Integr8 IT Hole and for the beautiful golf towels and lip balms provided to each Golfers. They were warmly welcomed by all of our participants.

Blessings
